## DISCOVER BANDITS ON MEXICAN SIDE

**Carranza Commander Asks  
for Order to Attack Lead-  
er of Texas Revolt**

## FIND ELEVEN DEAD

**Bodies of Mexicans Are Found  
on American Side of Rio  
Grande Near Donna**

## BORDER ALIVE WITH TROOPS

**BULLETIN.**  
BROWNSVILLE, Tex., Oct. 1.—A report that Luis de La Rosa, alleged chief of the Texas bandits, had been led into a trap today on the Texas side of the river and killed was received here tonight from Mission. A number of Mexicans supposed to be bandits were led into ambush near Mission and in the fight two or three of them were killed. In the absence of confirmation of identity officers here and at Mission were inclined to doubt that de La Rosa had been killed.

Americans in the fight were out of reach of telephone communication tonight.

BROWNSVILLE, Texas, Oct. 1.—Louis de La Rosa, known as leader of the Texas revolt, and seventeen followers, including one man said to be an American, have been discovered on the Mexican side of the river according to an announcement tonight by General Nafarrate, Carranza commander. Nafarrate said he had asked for orders to attack them.

Eleven dead Mexicans were found today on the American side of the river near Donna, about 45 miles above here.

**Had Been Dead a Week.**  
The finding of the dead Mexicans was reported by Major Edward Anderson of the 12th cavalry. He said they had apparently been dead about a week. Their bodies lay on both sides of the road. All were dressed in farm hand's working clothes and wore soft felt hats. Several of the bodies were identified as members of a family residing near Donna, Texas.

Major Anderson said he had no information to indicate in what manner these Mexicans were killed or why. The announcement of Nafarrate's intention to attack Mexican-American bandits was considered here as one of the most important developments in the entire Texas uprising of the past two months.

It was the first time that the Carranza forces have announced the intention of using armed force to suppress bandits who have been raiding American soil and then finding comparatively safe refuge in Mexico.

**Army's Watchfulness Increased.**  
It came at a time when the tension on the American side had reached a high point with the result that the American side of the Rio Grande fairly bristles with armed men cavalry and infantry, reinforced by mountain artillery and machine guns. The army's watchfulness will be increased since Nafarrate's announcement in the belief that if he does overtake the bandits they will try to escape into American territory. General Nafarrate said that he had telegraphed to his immediate superior, General Jacinto Trevino, for instructions. Trevino he thought, was enroute to Torreon. The bandits under La Rosa are in the woods opposite Progreso where American army officers have received reports that several hundred Mexicans were organized with hostile appearance.

**To Arrange for Surrender?**  
Washington, Oct. 1.—Three former Villa officers, according to an announcement from the Carranza agency here tonight, are enroute to Vera Cruz, commissioned to arrange for the surrender of many of the chiefs of Villa's army.

**It is stated,** says the announcement, that they are traveling incognito because Villa is ignorant of their intention and of this recent action of his subordinates and secretaries must be preserved in order to avoid assassination of such of them as still remain within his reach.

The Carranza agency gave out also what purported to be an intercepted telegram from a Villa consul at Tia Juana, Lower California, to Enrique C. Llorente, Villa's Washington representative saying that conditions in the territory being abandoned by Villa were growing "worse every day" and that General Villa intended "to proceed westward into districts hitherto untouched by the fighting and where there are crops in abundance."

**Conditions in Capital Improve.**  
A cablegram from the Carranza minister of foreign affairs to the agency here with reference to conditions in Mexico City said:

"Normal light and power conditions have been restored here and

## LIVESTOCK SHOWS AT FAIR WILL BE SMALL

**CALIFORNIA STATE VETERINARIAN  
BARS ANIMALS FROM MANY STATES**

Animals From All States East of the Mississippi or From Minnesota, Iowa, Missouri, Kansas and Montana Will Not Be Permitted to Enter California.

San Francisco, Oct. 1.—A ruling issued tonight by Dr. Charles A. Keane, state veterinarian of California, brought about, he explained in a letter to Governor Johnson, by the prevalence of foot and mouth disease in Illinois, will bar many states from participating in the livestock show to be held at the Panama-Pacific exposition the latter part of this month.

His ruling follows:

"No cattle, sheep or other ruminants, or swine will be permitted to enter California, from any state east of the Mississippi river or from Minnesota, Iowa, Missouri, Kansas and Montana."

The ruling was made, Dr. Keane explained, "because foot and mouth disease is very prevalent in Illinois and, on account of the lack of co-operation between livestock owners and sanitary officials, the disease has spread rapidly in that state, new herds becoming infected daily and because the foot and mouth disease is spread in so many indirect ways the existence of the disease in Illinois and the fact that no attempts are being made to control it acts as a constant and grave menace to herds in neighboring states and in a lesser degree to the herds of all states."

The exposition shows will be held, it was announced today, but, on account of the restriction, will be much smaller than planned.

## ENGLAND ANSWERS REPORTS REGARDING TRADE INTERFERENCE

Note Suggests That Statement Concerning Great Britain's Policy Have Been Inspired by German Agents.

Washington, Oct. 1.—Great Britain's answer to reports widely circulated in this country that she has been interfering with legitimate trade of the United States with neutral European nations for the benefit of her own exporters is given in a note handed to Ambassador Page at London by Sir Edward Grey, the foreign minister, and made public here tonight by the state department. Data and figures are quoted at length to prove that where British exports and re-exports have increased the growth of similar trade from the United States has been many times as large, while in many cases there have been vast increases of American exports compared with decreases in those from the United Kingdom.

The note, which is a response to the British ambassador's report of a reference at the state department to the unfavorable impression created here by reports of increase in British trade with northern European countries since the war began, suggests also that statements concerning Great Britain's policy have been inspired by German agents.

## CAPTAIN MONFORT IS ELECTED COMMANDER-IN-CHIEF OF G. A. R.

WASHINGTON, Oct. 1.—Capt. Elias R. Monfort, former postmaster of Cincinnati, O., was today elected commander-in-chief of the Grand Army of the Republic, defeating William J. Patterson, of Pittsburgh, Pa. F. C. Cole, of Jersey City, withdrew and the election of Captain Monfort was made unanimous.

B. C. F. Clarkson, of Baltimore, was elected chaplain and Reuben A. Adams, of Rochester, N. Y., surgeon general of the G. A. R. here today.

The elections concluded the new commander-in-chief appointed John Adams, of Cincinnati, adjutant general and re-appointed Colonel D. R. Stowitz, of Buffalo, N. Y., quarter master. Installation of the officers followed.

## DISSOLVES MOTION PICTURE TRUST

Philadelphia, Oct. 1.—The United States government won a sweeping victory in one of its important anti-trust cases today when Judge Oliver P. Dickenson in the United States district court here handed down an opinion dissolving the alleged movie picture trust on the ground that it was violating the Sherman law regulating interstate and foreign commerce.

all street railway lines and manufacturing industries using electricity have resumed operations. The food situation is becoming more nearly normal daily.

"The side tracks of many railroad stations nearby the capital are crowded with cars loaded with supplies awaiting haulage to the city. The restaurants of the city are presenting a better and more varied bill of fare and at much lower prices even than in Vera Cruz. Freight and passenger traffic between this city and Vera Cruz and other points is being regularly maintained."

## ABANDON HOPE OF PEACE IN BALKANS

**English Officials Believe  
Bulgaria Has Decided  
to Join Teutons**

## ALLIES REPULSE ATTACK

**British and French Forces Ap-  
parently Have Made No Furth-  
er Progress in the West**

## RUSSIANS STRAIGHTEN LINE

LONDON, Oct. 1.—The hope expressed yesterday that war in the Balkans might be averted virtually has been abandoned, according to the belief expressed in official quarters. The statement made by Sir Edward Grey, the British foreign secretary, in the house of commons this afternoon confirming rumors that Austro-German officers had arrived in Bulgaria, just as they did before Turkey threw in her lot with the German allies, is taken by officials to mean that Bulgaria too, has definitely decided to join them. Such a move by Bulgaria would result in the entire allies being called upon to keep their promise to support with all the means in their power those Balkan states which remain friendly to them and who are menaced by the threatened Bulgarian aggression.

**Roumania's Attitude Not Known.**  
Athens never had much confidence in the Bulgarian assurances that Bulgaria's mobilization was quite innocent, it was asserted here today, and that the other capitals have now been forced to the same conclusion. There is nothing to indicate the attitude of Roumania but it has always been taken for granted that her friendship for Italy and France assured her continued support of the cause of the entente allies.

The question arises as to what assistance the entente allies could give Greece and Serbia. It is suggested that an agreement be made with Greece that for every soldier sent by her to help Serbia the allies would land a soldier and equipment at Saloniki to protect Greek territory to the south and when the time came to march against Bulgaria.

It is probable that this would be only one of the steps taken against Bulgaria should her attitude continue provocative which officials now consider it to be despite the fact that a large majority of the people in that country are believed to be still friendly to the entente allies particularly Russia and England.

**Repulse German Counter Attacks.**  
The French and British forces apparently have made no further progress except in the region of Neuville in Artois, but on the other hand, they have been successful in repulsing the German counter attacks and so far as is known have held virtually all the ground gained. In the east the Russians appeared to be making a much better effort to hold their positions for except just in front of the Livinsk and in Volhynia the Germans claim to have made no progress, while between those two points and in Galicia, according to a Berlin official report all the attacking is being done by the Russians. Indeed, the Russian troops, by countering the attack which Field Marshal Von Hindenburg launched at Minsk from the north-west, have succeeded pretty well in straightening out their line from north to south. Italy also is showing signs of renewed activity and has commenced an offensive along the Isonzo river particularly against the Austrian position of Tolmino.

Nothing has been heard of the much talked of Austro-German offensive against Serbia or of the operations on the Gallipoli peninsula.

## ROCKEFELLER GOES TO PUEBLO TO ATTEND CONFERENCE TODAY

DENVER, Colo., Oct. 1.—John D. Rockefeller, Jr., accompanied by W. L. MacKenzie King and high officials of the Colorado Fuel & Iron company, started late tonight for Pueblo. There, at a meeting tomorrow of company officers, mine superintendents and the grievance representatives from the different camps, Mr. Rockefeller will reveal his industrial plan. The plan was worked out following Mr. Rockefeller's inspection trip last week through the southern Colorado coal fields.

## INDICT TWO HUNDRED

Marion, Ill., Oct. 1.—Two hundred persons here have been indicted for bootlegging by the September grand jury which has been in session since last Monday. It became known tonight. It is understood that the jury will adjourn tomorrow and that the names of the indicted persons will be announced as they are arrested.

LAWRENCE, Kans., Oct. 1.—Miss Amy Winship, 84 years old, today applied for permission to enroll as a student in the Kansas University. The authorities are considering the application. Last year she took special work in sociology and psychology in the University of Wisconsin.

SEDALIA, Mo., Oct. 1.—Hanging to the slender trapeze of a balloon, Miss Pearl Piercy, 19 years old, of Denver, floated over Sedalia for half an hour today, unable to release a parachute or to pull her self on the trapeze bar.

TAMPA, Fla., Oct. 1.—Friday's "package" law which forbids drinking intoxicants on the premises where they are publicly sold was in effect today. Under its provisions liquor may be bought in containers of not less than half a pint. Saloons must be closed from 6 p. m. until 7 a. m.

SAN FRANCISCO, Oct. 1.—A slight earthquake shock was felt in San Francisco and other cities and San Jose, fifty miles south of here, about 7:30 a. m. today. The shock was of about three seconds duration. No damage was reported.

SPRINGFIELD, Ill., Oct. 1.—Permission was granted today by the banking department of the state auditor's office for the opening of a state bank at Winslow, Stephenson county, the capital stock to be \$25,000. Fred J. Karlin, Henry D. Antim and Charles H. Green are the incorporators.

QUINCY, Ill., Oct. 1.—Mrs. Mary Wielage was today acquitted of the murder of her husband, Elmer Wielage, after a hard fought trial in the circuit court in this city. The state asked for the death penalty for the woman who made self-defense as her plea. Mrs. Wielage shot and killed her husband Sunday, July 11, of this year.

MARSHALL, Tex., Oct. 1.—Damage estimated at \$700,000 was done here early today by a fire which destroyed the paint and coach shops, store room and several coaches and freight cars of the Texas and Pacific railroad, and damaged adjoining property.

HOT SPRINGS, Ark., Oct. 1.—Delegates to the Southern District Presbyterian church, U. S. A., today concluded their sessions with an open air peace prayer service. On the summit of Hot Springs Mountain, surrounding William J. Bryan, former Secretary of state, they prayed for peace in Europe and that a spirit of Christianity might govern the world.

CHICAGO, Oct. 1.—Workers in the Standard Oil refineries at Hammond and Whiting, Ind., have an eight-hour work day without reduction in pay. Three thousand men are employed and it is said that the reduction of two hours in the working day will make room for 400 more men.

QUINCY, Mass., Oct. 1.—The rubberine M-1, one of the largest underground boats so far constructed for the United States, returned here today from her builders' trial. According to the contractors the submarine more than fulfilled every requirement.

CHICAGO, Oct. 1.—Frank J. Wilson, candidate for the Democratic mayoralty nomination in Chicago last spring, filed a voluntary petition in bankruptcy today. Property in his possession is expected to reduce the liability of \$104,541 to about \$20,000. Assets are \$2,200.

CHICAGO, Oct. 1.—John J. O'Keefe and James F. Monaghan, former sergeants in the detective bureau, were dismissed from the police force today. They were charged with perjury in the testimony given at the trial of detectives Egan and O'Brien, who were convicted of bribery.

## INDICT RIGGS BANK OFFICERS.

Washington, Oct. 1.—Charles G. Glover, president of the Riggs National Bank; William H. Flather, vice president and H. H. Flather, cashier, were indicted today for perjury in connection with the bank's recent suit against Secretary McAdoo and Comptroller Williams.

## FIND MEANS OF COMBATING DIVER

**British Admiralty Believes  
It Has Crushed German  
Submarine Campaign**

## REPORTS CONFIRM VIEW

**Re-Affirm Conviction that the  
Dreadnaught Still Is the Main-  
stay in Warfare on the Sea**

## GERMANY LOSES 50 U-BOATS

WASHINGTON, Oct. 1.—Great Britain has discovered and put into effective operation means of combating the submarine, which, according to official reports to the United States government already have resulted in a loss estimated at between fifty and seventy German submarines. The reports declare that the British admiralty confidently believes it has crushed the German under sea campaign.

New methods of offense and defense that may revolutionize naval warfare have been adopted and high British naval officers are of the opinion that unless the effectiveness of the submarine is increased it will no longer constitute the menace that it has to commerce and battle fleets.

**Censorship Prevents Disclosure.**  
The British censorship has prevented the disclosure of details concerning the developments. Within the last three weeks, however, confidential reports to various government departments from representatives in European capitals of neutral as well as belligerent countries have confirmed the British admiralty's view that an effective means of dealing with the submarine has been found. These reports are being closely scrutinized on account of the bearing they may have upon the naval policy of the United States. They re-affirm officers of the navy in their conviction that the dreadnaught still is the mainstay in warfare on sea and tend to dissipate the profound impression created by the spectacular and for a long time apparently unsuppressed operations of the German "U" boats around the British Isles.

According to the reports, destruction or capture of fifty submarines actually had been reported several weeks ago and it was regarded as possible that the number might have reached seventy. A dinner was given recently in London which, while not a formal state affair was attended by high government officials, in celebration of the destruction of the fiftieth underwater enemy. Reports of the dinner apparently were suppressed by the censor in accordance with Great Britain's policy of keeping Germany in doubt as to how many of the boats have been destroyed.

**Develops Submarine Telephone.**  
While the greatest secrecy is thrown around the means employed, the United States government has information concerning the principal methods which have been successful in meeting the German war zone campaign. A submarine telephone has been developed by which it is possible to detect the approach of a submarine by sound from observation or stations planted off shore connected with points in the mainline.

For the capture or craft whose presence has not been detected or even suspected the governments reports describe how huge nets have been stretched across the channels through which the submarines may be expected to pass and in open waters, near steamship lanes or in the vicinity of warships nets suspended between floats have been spread broadcast.

**HOPE OF RESCUING ENTOMBED MINERS ALIVE Dwindles.**  
Lansford, Penn., Oct. 1.—The nine men entombed in the Foster tunnel of the Lehigh Coal & Navigation company at Coal Dale by a fall of roof on Monday morning are still being prisoners tonight and there seems but little likelihood that they will be rescued alive. Work of rescuing is reported as progressing rapidly tonight but it is believed that it will be at least a week before the imprisoned men are reached.

## FINDS SPALDING ESTATE WORTH MORE THAN MILLION

Los Angeles, Oct. 1.—John W. Carrigan, state inheritance tax attorney, announced today that he has completed a survey of the estate left by the late A. G. Spalding, sporting goods manufacturer who died recently at Point Loma, Calif., and found that the value was in excess of \$1,000,000 instead of \$600,000, the value placed upon it by Mr. Spalding before his death. It may go as high as \$2,000,000, said Carrigan.

## CLARK ADDRESSES MISSOURI DEMOCRATS

**EXPRESSES CONFIDENCE IN VERDICT  
OF VOTERS IN 1916**

Speaker of Lower House Reviews Legislative Record of the Democratic Party—States People Seem to Have Absolute Confidence in Wilson.

St. Joseph, Mo., Oct. 1.—Speaker Champ Clark of the national house of representatives in a speech at the Democratic state banquet here tonight reviewed the legislative record of the Democratic party and expressed confidence in the verdict of the voters in the election of 1916.

Speaker Clark said in part:

"To millions of voters, the present political situation is entirely novel. At every presidential election since 1896 the republicans have held the federal government and the Democrats were fighting to wrest it from their iron grasp. Now all this is changed and as we believe changed for the better.

"For years those who love us not asserted that Democrats were a party of negotiation, that we did not have sense enough to legislate. Unfortunately for the country a majority of the people believed their job, wandered in the wilderness as long as old Moses, but at last the scales fell from the people's eyes and they concluded to entrust us with power once more."

"What happened? In two brief years we placed on the statute books more constructive legislation of the most highly beneficial character than the republicans enacted in two decades—legislation so good that in addition to democratic votes, nearly all the progressives and a large per cent of the regular republicans voted for our great constructive measures."

"We passed a great tariff bill—the greatest ever placed upon the statute books."

"Republican orators assert that the Underwood tariff bill, even including the income tax feature did not bring in revenue enough to conduct the government—which is absolutely untrue. Everyone knows that there is a deficiency in the revenue and that the deficiency was caused and still is being caused by the European war."

"We had for more than half a century a financial system of shreds and patches with a currency system almost devoid of elasticity."

"For a generation our republican friends had been tinkering with it—always promising but never achieving currency reform. The Democrats with the assistance of patriotic progressive and patriotic contingent of republicans placed on the statute books the national reserve bank act which is now praised by all business men."

"We passed an anti-trust law which tends to promote legitimate business and crush illegitimate business. Under the new law trusts are being dissolved and are re-arranging their business on a legitimate basis."

"The people seem to have absolute confidence in the pilot of the ship of state—Woodrow Wilson—and are not likely to drop him overboard in mid-ocean while the storm whips the waters into fury. He did his duty, the democratic senate did its duty, the democratic senate did its duty. We submit that we deserve well of the republic—all of us. Having discharged our duty and been faithful to our trust—the people will assume that we will do our duty and be faithful even to the end."

## STADEN HEADS SECURITY LEAGUE.

Springfield, Ill., Oct. 1.—George B. Stadden, president of the Franklin Life Insurance company, was elected president of the local branch of the National Security League, which was organized here today.

## BELIEVE CHINA WILL NOT RETURN TO MONARCHY.

Washington, Oct. 1.—Judge Sumner Loblomberg of the United States court in China who called on President Wilson today, expressed the opinion that the form of government of China would not be changed at this time from a republic to a monarchy.

## PROPERTY LOSS WILL RUN INTO THE MILLIONS

**One Hundred of the 213  
Missing Are Believed  
to Be Lost**

## MANY ARE MAROONED

**State Conservation Commission  
Sends Rescue Boat to Take  
Persons from Houses**

## SOME CLING TO TREE TOPS

NEW ORLEANS, La., Oct. 1.—Reports received here tonight placed the number of known dead as a result of the hurricane which swept the Louisiana and Mississippi coasts Wednesday at 160 and the missing at 213. Of those reported as missing it was believed that at least 100 lost their lives in the storm. Property damage in the two states was roughly estimated at \$12,000,000.

South of New Orleans for sixty miles the territory on both sides of the Mississippi river is under from four to fifteen feet of water, and hundreds of persons are reported marooned in trees and wreckage. Along the Mississippi coast the greatest property damage occurred at Bay St. Louis and Waveland.

Relief parties with physicians and nurses left New Orleans today aboard ships loaded with food and medical supplies for the stricken district. It was stated tonight that outside aid probably would not be needed.

New Orleans is rapidly recovering from the effects of the storm. While the extreme western part of the city still is under several feet of water nearly all the streets in other sections have been cleared of debris. Street cars were operating tonight on all except a few lines and the lighting and telephone service was rapidly being restored to normal conditions.

Revise lists tonight placed the number of known dead here at 21.

It was stated tonight that railroad service on the Louisville & Nashville railroad to points on the Mississippi coast probably would not be resumed for several weeks.

**Known Dead in Louisiana.**  
The known dead in Louisiana included:

New Orleans and environs	24
Rigolets	21
Lake Catherine	22
Near Frontier	25
Eight drowned in sinking packet, Hazel, near Grand Isle	
Reported dead and missing in Louisiana:	
Shell Beach, St. Bernard Par.	16
Island De La Croix	22
Yolosky (negroes)	15
Couriers by boat and train as well as mail advices brought in reports of tremendous property loss and rumors of many drowned along both sides of the Mississippi river south of here.	

**200 Marooned in Houses.**  
Boat passengers arriving today from Empire near the Doullough canal, about fifty miles down the Mississippi reported that only four large houses still stood at Empire and that about 200 persons were marooned in them.

The state conservation commission here started a rescue boat for that point. Many inhabitants of the flooded sections on both sides of the river were reported marooned and some were said to be clinging to tree tops.

Relief vessels were sent to relieve them.

Bay St. Louis, Miss., on the Mississippi gulf coast, reported one dead and property loss heavy. Houma, La. reported the city safe and no lives lost. Burwood, the most southerly point on the gulf coast also was reported to have weathered the storm without loss of life.

**Twenty-one Dead at Rigolets.**  
Twenty-one persons were known to be dead at Rigolets and twenty-two at Lake Catherine, both small resorts a few miles west of the Mississippi-Louisiana state line, according to W. O. Powell, one of twelve survivors who arrived here today. Fifteen negroes and one white man were reported dead at Shell Beach and 23 white persons at De La Croix island, both small settlements in St. Bernard parish, south of here.

Reports of 25 dead between Frontier and Des Arcs on the west shore of Lake Ponchartrain, were confirmed today by a railroad man arriving at Hammond, La.

The sole survivor of a party of nine passengers and crew of the Grand Isle Packet Hazel, arrived here early today. The vessel capsized and was dashed to pieces near Grand Isle. The survivor, George Linden, engineer of the vessel, floated 15 miles on a piece of timber and was exhausted when picked up by a passing vessel.

Some time since the officers of the Panama-Pacific exposition asked Gov. Major of Missouri to name the greatest living Missourian. Thursday in an address at the Missouri state fair at Sedalia Gov. Major accorded this honor to Champ Clark, speaker of the national house of representatives. A telegram setting forth this fact was forwarded to the president of the exposition. It is fortunate for Mr. Clark that William J. Bryan's advice was not sought in making the selection.

The St. Louis board of education came near starting a race war recently when they posted notices announcing night schools. The posters were printed in seven languages and German was not one of them. The posters were sent out to all large manufacturing concerns employing foreigners. The St. Louis branch of the German-American alliance immediately took the question up with the board to find out the cause for the omission, and the explanation was that the cards were purchased in New York and German emigrants there are so few that they had not been named on the original list. This announcement served to put an end to the trouble in prospect. Incidentally it is said that an enrollment of at least six thousand is expected in the five public night schools which are to be opened.

**Expensive Litigation.**  
Forty-seven suits brought by the Ford Mfg. Co. against as many insurance companies to recover damages following a fire in the firm's plant at Vandalia, Ill., will be tried together as one suit. The insurance companies sought separate trials. The Ford Co.'s suits against 73 insurance companies, and involving \$647,000, have become prominent in legal history because of the length of time consumed in trying six suits so far disposed of, and because of the cost of the litigation. One of the trials in Murphysboro, Ill., lasted seven weeks and cost \$25,000, although the insurance policy involved only a thousand dollars. At Mexico, Mo., another trial lasted five weeks and cost \$15,000, in a contest over a \$10,000 policy. Should the remainder of the cases have been tried at the rate of the first six, and at the same cost, the litigation would have cost \$1,500,000, it is estimated.

**Railroad Receivership and Business.**  
While the opinion prevails and is apparently well founded, that general business conditions have shown a great improvement in the past year, the fact remains that the record of railroad receivership has just been broken. The federal courts now protect eighty-two United States lines, with a total mileage of 41,958. This total includes the M. K. & T. railroad, which went into receivership very recently. There are 3,865 miles included in the M. K. & T. system. It has frequently been said that the financial condition of the railroads and the amount of the business that they are doing gives the surest index to the general business condition of the country, but in the present situation the general business outlook seems to have improved, notwithstanding the fact that never before has such a large proportion of the railway lines of the country been operated under receivership. The cause of this lack of proportion is no doubt the European war.

which has brought such wonderful activity in certain manufacturing lines. The statement showing the condition of the railroad business will give indisputable evidence to substantiate the Republican claim that the general revival or business cannot be attributed to the Democratic administration.

**Deneen Men Seek Candidate.**  
Springfield News-Record: Reports from Chicago and the northern part of the state indicate that the Deneen faction of the republican party is getting ready to enter the campaign with a candidate for governor and an announcement is expected within a few weeks, it is said.

According to prominent republicans who have been in close touch with the leaders of this faction of the party, it was not the intention to enter the fight before the first of the year, but the activity of the Thompson-Lowden boomers at the state fair last week and at the Peoria Improvement show this week, has caused a change in plans.

It is admitted, however, that there is no strong indication as to whom will be chosen as the Deneen standard bearer to oppose Col. Frank O. Lowden, if he definitely decides to enter the race. There are many candidates for the standard, but it has not been assigned.

Col. Frank L. Smith, of Dwight, is making the most active campaign of any possible Deneen candidates. Some of the Deneen leaders favor his selection. There is also a strong feeling that Andrew Russell, state treasurer, should receive the Deneen support for governor. Others mentioned are Hugh S. Magill, of Springfield, S. J. Murphy, of Joliet, C. D. Doyle and Logan Hay, of Springfield, and Governor Deneen himself.

Deneen leaders say, does not want to be a candidate for governor if he can find a satisfactory candidate. He would rather wait and run for senator at the expiration of the term of Senator Lewis.

WOMEN IN THE NEWS.

Lenox, Mass. — Sympathy and kindness came from the wealthy summer colony here to Madame Dumba, the talented wife of the Austrian ambassador, during the final weeks of her stay at the Dumba summer villa. There was a marked change of attitude, for during the summer there was a determined coolness toward the diplomat and his charming wife. Doors that had been thrown wide open to previous diplomats who summered here were closed to the Dumbas this season. The Lenox entourage have many close connections with France and England. The aristocrats of Lenox have lived and sketched in the Dutch countries and manifested antipathy toward the Teutonic cause. Dr. and Mrs. Dumba were therefore not received in Lenox society with anything like warmth and graciousness that have been given to other prominent visitors. However, the troubles which came to the ambassador excited a great interest in his wonderful wife, who has graced the diplomatic circle at Washington. Wonderfully beautiful, a talented musician and linguist, with a knowledge of art and artists surpassed by few women of the present day, the lady is fully appreciated here as in Washington. Before her marriage ten years ago to the ambassador, she was Baroness Annie von Lieven, daughter of the director of the imperial art gallery at Petrograd. The war has brought her much unhappiness, as she bravely stood by her husband and Austria.

**Chicago**—The first woman candidate for vice president of the United States is Mrs. Ida M. Rutherford of Chicago. The platform on which she seeks the Republican nomination is this: that a little more humanitarianism and a little less politics is needed at Washington. Mrs. Rutherford is not a sensationalist. She has reached the conclusion that the young girls of America need a friend at the white house. She believes there is something the matter with the American home. It is this—that girls are not getting married. If elected, she says she will use her influence to establish community hotels for young girls in every city in the country. Cozy parlors will be on every floor, furnishing opportunity for romance. Her aim is to bring young men and young women together under the most agreeable of circumstances. The "spooner plank" in the Rutherford platform has made a big hit with the women voters.

**Bloomington, N. J.**—Believing that woman suffrage will sweep the state next month, and that her husband may thus be put out of his job, Mrs. Raymond L. F. Davis, announces herself as the candidate to oppose him for town clerk. She wants to keep the position in the family, and is taking no chances for some other woman entering the field and walking off with "the bacon." Mrs. Davis has been acting town clerk while her husband was ill.

**SURPRISE PARTY.**  
Members of Athens Temple gave a surprise party for Mrs. Rosie Marshall Friday evening at the home of Mr. and Mrs. George Clark on East College street. Mrs. Marshall is Grand Princess of the Sisters of the Mysterious Ten of Missouri. The evening was spent in conversation and refreshments were served. The occasion proved most delightful for those present.

**GRACE CAFETERIA SUPPER.**  
An abundance of good things to eat and excellent service marked the cafeteria supper Friday evening at Grace M. E. church. The serving began at 5:30 o'clock, and continued until 8, under direction of Mrs. Grant Graff and Mrs. John R. Davis' circles of the Pastors' Aid society.

FIFTY-FIVE NAMES ARE ADDED IN Y. M. C. A. CAMPAIGN FRIDAY

With a Total Membership of 260, Goal for Week's Work Looks Less Than One Hundred of Fulfillment —The Campaign in Other Cities.

A total of fifty five names was added Friday to the roll of association membership, closing the most successful day to date in the Y. M. C. A. campaign. Of this number, nineteen names were secured by the Reds and thirty-six by the Blues. Though major of the Blue side Mayor H. J. Rodgers is serving as captain of a team. He reported a gain of 23, Carl E. Robinson of 7 names and L. S. Recker, six. On the Red side, Percy A. Jenkinson, the leader, turned in eight names as captain of a team. Dr. Koepfer's team reported two, Dale Boxell's three, and Fred B. Hopper's six.

The story of the day's work Friday was recorded by a number of brief but enthusiastic speeches, given around the luncheon table at Grace M. E. church Friday evening. Members of the teams dined at 6:30 o'clock in a room adjacent to the church dining hall. Mr. Bellatti, committee chairman, called first upon Joshua Vasconcellos. Other speakers were T. M. Tomlinson, the Rev. F. B. McFadden, Alva L. Snyder, A. T. Capps and H. J. Rodgers.

The state report at the close of work Thursday received by Secretary Snyder from Chicago Friday, gave Jacksonville a rank of ninth among the fourteen principal contestants. With the 201 at that time reported, and a goal of 350, Jacksonville's percentage was 574. The cities in their order are Waukegan, Kankakee, Kewanee, Bloomington, Danville, Pontiac, Clinton, Jacksonville, Belvidere, Naperville, Elgin and Canton.

MORTUARY

**Haskins.**  
Mrs. S. A. Fairbank has received word of the death of her cousin, Samuel Haskins of Time, Pike county. Deceased was an unmarried man and was known to a number in this city several years ago. He was a cousin of Mrs. Frank Robertson, formerly of the city.

**Colburn.**  
Walter Clyde Colburn, son of Mr. and Mrs. Erle B. Colburn died at the family home, 425 Edgemoor street Friday afternoon at 3:30 o'clock. He was born in this city Sept. 27, 1911. Besides his parents he is survived by one brother, Floyd E. Colburn. There also survive his grandparents and three aunts and three uncles. The remains will be taken to LaSalle for the funeral services and burial will be made in Sulphur Springs cemetery. The time of the funeral has not been set.

**Foreman.**  
Mrs. Sarah A. Foreman, aged 65 years, died Thursday at her home in Patterson. She is the mother of Mrs. Alta Stiltz of this city. She is also survived by one other daughter, Mrs. Edward Taylor of Patterson and a son, Horace Foreman of Carrollton. Funeral services were conducted Friday afternoon.

MATRIMONIAL

**Perry-Hammond.**  
Charles E. Perry and Miss Elvira R. Hammond of Versailles were married Friday morning by Squire W. T. Dyer. The witnesses to the ceremony were County Clerk C. A. Borie and Deputy County Clerk John J. Perry. The groom is a farmer and they will live on a farm in Brown county.

WITH THE SICK.

Paul Stambaugh, son of Mr. and Mrs. H. M. Stambaugh, of Beards-town, underwent at Passavant hospital Friday morning an operation for removal of tonsillitis and adenoids.

Mrs. I. D. Merryweather is quite ill at her home, 606 South Kosciusko street.

A. F. Grassly of South Clay avenue, who for several weeks has been ill at Our Savior's hospital, continues to improve.

**ESCAPED PTOMINE POISON.**  
Dr. F. M. Rule, who has just returned from attending two Methodist conferences in Minnesota, was prevented by some train delays from arriving in time to partake of a dinner at which a number of the ministers suffered ptomaine poisoning from meat and gravy. No deaths were reported but a number of the ministers attending the Minnesota conference at Windom were severely ill and Dr. Rule feels grateful for the fact that he did not arrive in time to attend the dinner in question. From Windom, Dr. Rule went to Minneapolis and attended the opening sessions of the Northern Minnesota conference.

**IN MEMORY OF HER SON.**  
Mrs. Marcus L. Robinson has taken out a membership in the Y. M. C. A. in memory of her son, Marcus Robinson, who recently died. The membership thus established will be given to some worthy young man. The action of Mrs. Robinson is certainly commendable and shows the kindly interest she has in the work of the organization.

**HALF HOLIDAYS CONTINUED.**  
The office force of the Jacksonville Railway & Light Co. have been granted a continuation of the Saturday half holiday in force throughout the summer months. Employees remain in the office Saturday afternoon by rotation.

**FUNERALS**  
**Devore.**  
Funeral services for the late Miss Clara Belle Devore were held from the family residence, 1536 South Main street, Friday afternoon at 2:30 o'clock in charge of the Rev. Percy W. Stephens, pastor of First Baptist church. Music was furnished by a quartet composed of Miss Hazel Belle Long, Mrs. Gertrude Richardson, James Guyette and H. A. Brewer. There was a large number of floral offerings and they were cared for by Misses Ethel and Verna Smith and Grace and Nellie Hombrugh.

Interment was in Asbury cemetery and the bearers were: Charles W. Boston, J. H. Reid, Charles York, Edwin Hembrough, Carl York and William Barr.

Free—17-qt. Dish Pan with one can CLAUS' Baking Powder.

IN JUSTICE COURT.

**FIGHTING IN ST. LOUIS ELECTRIC MONOPOLY.**  
Jefferson City, Mo., Oct. 1.—The accountants and engineers who have been making a valuation of the property of the Union Electric Light & Power Co., of St. Louis, have presented their report to the public service commission. This valuation will be used by the commission in determining what would be fair rates for the company to charge its patrons. The company itself has also filed an inventory and appraisal for comparative purposes. The same valuation will show the original cost of the company's plant and its present value. Engineering costs, the cost of developing business, and other factors will be taken into consideration in determining the rate.  
The company is at present charging 10 cents a kilowatt hour for the first four hours and 6 cents for succeeding hours. The rate for large consumers is \$50 per month for a minimum of 1500 kilowatt hours and 2 cents a kilowatt hour for excess. It is alleged that some customers receive electricity at 1 cent per kilowatt hour. The company serves 35,678 customers, and the cost of producing the current sold last year was \$628,227.39. The total operating expenses were \$1,418,733 last year, and the total revenue was \$3,331,393.  
Charges of collusion between the Union Electric and two intermediary companies distributing current generated at Keokuk for the purpose of holding up the prices of current in St. Louis and putting large profits into the pockets of the promoters and stockholders, were made in a petition to the commission he intermediaries mentioned are the Mississippi River Power Distributing Co and the Electric Company of Missouri. The petition states that the terms and conditions of the contracts for Keokuk current "were collusively manipulated and entered into between the companies as a device and pretext whereby the great benefit in the price of electric current that results from the government dam and water power generated should be diverted from the beneficiaries including the citizens of St. Louis and customers of the defendant, for a period of 99 years, and instead thereof were and are so manipulated as to defeat the intended object thereof, and to enrich a few promoters and stockholders of said company, leaving the price of electricity unaffected thereby."  
The Union Electric has denied that its rates for residences are excessively high that they are discriminatory or that there is any collusion between it and distributing companies to maintain high prices.

Mrs. George Orear sang several numbers during the afternoon which were greatly enjoyed. Refreshments were served and the afternoon proved one of much pleasure.

### Class Enjoys Reunion in Country.

Yesterday afternoon the class in solid geometry in the high school last year enjoyed a happy reunion chaperoned by their teacher, Miss Ione Kuechler and Miss Ella Calky. Automobiles were furnished by T. M. Tomlinson, P. C. Coover and A. L. Leach and the members were taken to Gravel Springs where a wiener roast was the principal feature along with a splendid time generally. The members of the class were Edward Tomlinson, Ruby Cully, Dorothy Rogers, Marian Carter, Catharine Carter, John Furry, Dawson Darley, Charles Peak, Joseph Crouch, Fred Leach and Uriel Gouveia.

### Slumber Party At McGinnison Home.

A slumber party was held at the home of Miss Claribel McGinnison at Woodson Friday night. Besides the hostess there was present, Misses Clara Robinson of Jacksonville, Lena McGinnison, Marguerite Steinmetz, Marie McGinnison and Helen Harney. Marshmallows were toasted and a lunch was served at midnight.

### Unity Workers Hold Meeting With Mrs. Leach.

Mrs. J. D. Leach, residing south of Jacksonville, was hostess to the members of the Unity Workers of the Woodson Presbyterian church Thursday. It was an all day affair and at the noon hour a splendid dinner was served. Part of the business session was the election of Mrs. Leach as chairman of the general committee on the laying of plans for the October social, of the organization, which will be held October 9, at the Presbyterian house. The public will be invited to this meeting and doughnuts, coffee and pie will be served. The entire day was one of much pleasure and Mrs. Leach proved a charming hostess. Those present were Mrs. William Rook, Mrs. Allan Russel and daughter, Elizabeth, Mrs. Hugh Vorhees, Mrs. William Colton and daughter Edith, Mrs. S. J. Baxter, Mrs. W. P. Russel, Mrs. J. Steinmetz and daughter Phyllis, Misses Margaret Rannels and Sadie Irlam, and Mrs. Charles Irlam. Guests present in the afternoon included Mrs. James Devore, Mrs. Samuel Butler and Mrs. Porter Bell and little daughter, Pauline.

### Social Circle Meets With Mrs. Ernest Roach.

The Tuesday Social Circle met with Mrs. Ernest Roach on West North street yesterday afternoon. At the business session, the annual election of officers was held. There was a good attendance of members and during the afternoon, light refreshments were served. The election follows:  
President—Mrs. Henry Frisch.  
Vice president—Mrs. J. A. Paschall.  
Treasurer—Mrs. Virginia Vasy.  
Flower Committee—Mrs. Ernest Roach, Mrs. Claude Vail.  
Members of the Freshmen class of Illinois college, numbering fifty six boys and nine girls, held their first banquet at Colonial Inn Friday night. They established a precedent when they met on the college campus at 3:30 p. m. and safely preceded to the Inn. After the banquet had been disposed of, I. B. Potter was introduced as toastmaster by Ralph Baker, president of the class. Speeches were made by Allen Smith, Bryce Whisler, Elmer Gaylord, Miriam Russel, Richard Reynolds, Victor Mellor and in fact every member of the class was called on for remarks and most of them responded.

When the feast was about half over, the lights suddenly went out, the Sophomores having successfully cut the electric wires running to the Inn. The incident did not mar the pleasure of the evening however for in a few moments candles were lighted about the tables. The following are the officers of the class:  
President—Ralph Baker.  
Vice president—Victor Mellor.  
Sec. and Treas.—Miriam Russel.

## QUINCY WILL BE GRIDIRON FOE TODAY

### J. H. S. TEAM PUT ON FINISHING TOUCHES FOR GAME.

Both Squads Are in Pink of Condition and Fast and Hard Game Expected—"Will Give Opponents a Tough Game" Says Quincy Coach.

With both squads in the pink of condition, the Jacksonville-Quincy high school football game this afternoon at 2 o'clock, on Illinois college campus promises to be a fast one. Coach Huber put his men through their last practice yesterday afternoon, and from the work out they look fifty percent better, than they did against the Carrollton team.

The sale of tickets for the game has been unusually large and it is estimated with the ten cents admission, that a record breaking crowd will be on hand to see the gridiron struggle. The ground have been marked off and everything is ready for Referee Larson to blow his whistle. The game is called for 2 o'clock in order that the Quincy team can return, on the 5:13 Wabash.

The Quincy Journal of last night in commenting on their team says: "The football team of the High school departs tonight for Jacksonville, where tomorrow the first game of the season will be played with the High school team of that city. It is one of the three games which Quincy will play away from home, the other five being scheduled for this city."

"According to Coach Lineberger, the boys are in good trim and will give the Jacksonville aggregation a hard battle from the referee's whistle for the kick-off to the final blast ringing down the curtain. The strength of the Jacksonville squad is not known, although it is reported that the team is quite heavy and that it has shown to advantage in several scrimmages."

"Accompanying the team this evening will be a number of loyal rooters of the local school, who will cheer on the boys during the contest tomorrow. Although the weather is slightly warmer than desirable it is not too warm and the boys will be able to show the best they have."

"Nothing more definite has been done as to the eligibility of Slinnook, Boswell, Best and Lusk, and it is not known whether they will be allowed to play with the team against Jacksonville or not. However they will be eligible in the game with Canton, which will be the most important played."

### HAZING AT ILLINOIS COLLEGE.

So high is inter-class spirit running this year at Illinois college and so bitter has the opposition of some few freshmen been to "the wearing of the green," that sophomores have more than once resorted to stringent tactics. Abolition of class fights seems not to have done away with the fighting spirit between old time enemies. The three young men who were caught on the square and taken to a barn near Nichols park, to be released and walk to the car line, got off lightly. More severe was the treatment of one young man from Petersburg. Gagged and bound, he was taken hursday night to woods near the old distillery and released. Finding his way to the road, he was freed from bounds by a chance passer. A man in an automobile happened along and the defiant freshman was soon returned, unhurt but mollified.

### HAVE SPECIAL CONTRACT.

Reports from the Chicago strike of garment workers indicate that the big firm of Hart, Schaffner & Marx is especially fortunate and that all of their men are at work. The firm has a contract with the Union whereby both union and non-union workers are employed and the wages are higher than the union scale.

John E. Ferry, Versailles; Miss Elvia R. Hammond, Versailles.

### MOVED TO BEARDSTOWN

Mr. and Mrs. Fred Van Hynling of South East street have moved to Beardstown where Mr. Van Hynling is employed by the Burlington railroad.

### SERVICES AT ASBURY.

Receiving by the pastor, the Rev. W. W. Theobald, at 3 o'clock Sunday afternoon instead of 3:15 o'clock. A cordial welcome extended to all.

### LIBRARY HOURS CHANGED.

The closing hour at the public library will through the winter season be 9 instead of 8 o'clock.

Mr. and Mrs. S. E. Snow have returned to the city and are residing on East State street.

Picnic and barbecue on Harlis lawn today until 6 o'clock. Entertainment at Second Christian church will follow.

### FOUR MORE JURORS ARE ACCEPTED TO TRY MUNDAY FOR CONSPIRACY

Lawyers in Case Agree to An Adjournment Until 11 O'Clock Monday Morning.

Morris, Ill., Oct. 1.—Four more jurors were accepted today by the defense and prosecution in the trial of C. B. Monday, vice-president of the defunct LaSalle Street Trust & Savings Bank of Chicago. They were: J. C. Burmeister, 48 years old, a farmer; E. T. Bannon, 52 years old, a grocer; Fred Schulte, 34 years old, an electrician, and A. D. Tappen, 43 years old, a dairyman.

Because of engagements in Chicago, lawyers in the case agreed to an adjournment to 11 o'clock Monday morning.

Judge Stough indicated that no session of court would be held on Saturday after the beginning of testimony. A new venire of fifty jurors was ordered to report at 9 a. m. Tuesday.

Mr. Monday declared tonight that he had not said he would take the witness stand in his own defense.

Questions by the defense had indicated he would.

### TREASURY'S SEPTEMBER INCOME LESS THAN DISBURSEMENTS

WASHINGTON, Oct. 1.—The treasury's income for the month of September was just a little more than fifty million dollars and about \$10,000,000 less than the ordinary disbursements of the month. For three months of the current fiscal year just ended the receipts have been about \$38,758,000 below the disbursements, he deficit for the similar period last year was about \$23,000,000. Receipts for September were nearly \$2,000,000 less than those for September of the fiscal year of 1915. The treasury still has a net balance of almost \$41,000,000 aside from many millions to its credit outside Washington.

### VOTE ON STRIKE QUESTION.

Pittsburgh, Oct. 1.—Employees of the Westinghouse Electric & Manufacturing company voted today on the question whether a strike should be called unless certain demands of the men were granted. The votes were counted tonight but Ira Hughes, chairman of the employees grievance committee, announced that the result would not be announced until tomorrow.

### DESCRIBE HOW POLICE INTIMIDATED VOTERS.

Indianapolis, Ind., Oct. 1.—The work of the police in intimidating voters as alleged by the state, was described by a number of witnesses at the trial of Mayor Joseph E. Bell, charged with election conspiracy today. Chief of Police Samuel V. Perrott and a number of patrolmen, all of whom were indicted with Mayor Bell, were named by the witnesses.

### PROHIBIT TREATING.

London, Oct. 1.—A formal order declaring London and surrounding districts to be an area under the defence of the realm act in which the practice of treating is prohibited and a further dilution of spirits is allowed, was issued tonight. No order was made regarding the hours of opening and closing public houses. The measure becomes effective October 11th.

### BOMBARD SERB TOWN.

Nish, Serbia, Oct. 2, via Athens and Paris—Kraguyevaid, where Crown Prince Alexander and the Serbian army staff have headquarters, was bombed today by Austro-German aeroplanes. The crown prince was uninjured.

### GERMANS RELIEVE AUSTRIANS.

Paris, Oct. 1.—A despatch received from the Serbian frontier announces that German troops have relieved the Austrian forces on the first line along the bank of Danube according to the Petit Parisien's Bucharest correspondent.

### ASSERTION DOES NOT

MOVE PRESIDENT BAKER. Philadelphia, Oct. 1.—W. F. Baker, president of the Philadelphia Nationals, declared tonight that President Lannin's assertion that there would be no world's series unless Boston "rooters" were allowed a block of 400 seats at \$3 each for the games to be played here would have no effect upon his decision in the matter.

## "BIG" ED. WALSH BLANKS ST. LOUIS BROWNS

HAS LITTLE TROUBLE HOLDING OPPONENTS SAFE.

Only Two Hits Are Made Off Sox Twirler Until the Eighth Inning When He Eased Up After Chicago Had Won the Game.

Chicago, Oct. 1.—Ed. Walsh had little difficulty holding his opponents safe today, thereby winning his third straight game of the season. The visitors were blanked. Only two hits were made off Walsh until the eighth inning when he eased up after Chicago had won the game.

The day was designated as "Army Day" in honor of Henry P. McCain, adjutant general of the United States army. Several companies of militia and members of the boy scouts were present.

### NATIONAL COMMISSION WILL SETTLE DETAILS OF SERIES TODAY

Most Interest Seems to Center in the Date of the Opening Contest.

New York, Oct. 1.—All the details of the coming world's series between the Boston Americans and the Philadelphia Nationals will be arranged at a meeting of the National commission to be held in this city tomorrow. On the toss of a coin will depend the choice of the city in which the opening game will be played, but there appears to be more interest in the date of the opening contest than in the location of the battle for the championship of 1915.

Whether the series will begin on Friday, Oct. 9th, or Saturday, Oct. 10th, is causing much discussion among followers of baseball in this city. Many persons express the belief that the American League interests will endeavor to have the play begin on Friday, Oct. 9th, the day after the close of the league season. This would preclude the possibility of the Phillies sending their star pitcher, Grover Cleveland Alexander, to the mound in three of the first four games played as might easily be done should the series start on Saturday, Oct. 10th.

Under the latter schedule Alexander could be worked Saturday, Monday and Wednesday; which in the opinion of many close followers of baseball would be decidedly advantageous to the National League standard bearers.

A point made by these in favor of beginning the series on Friday is that it would be a much more convenient date for those fans who desire to witness all the games of the series.

Under a schedule no matter which city was selected for the opening game the visiting spectators would have Sunday in which to make the trip to the other city. Many believe that the National commission will take the fact into consideration in assigning the dates.

### IRISH RAMBLERS WIN.

The Irish Ramlers defeated the Davenport Sports yesterday by a score of 15 to 11. The game was marked by heavy hitting by both teams. The line up:

Davenport Sports—Wagner, 1f; Ernest, 3b; Roach, p; Hegarty, 1b; Murphy, rf; Sullivan, c; Kuchman, ss; Nunes, 2b; J. Sullivan, cf. Irish Ramlers—Zell, c; Blesse, p; Baldwin, 1b; Burkley, 2b; Graubner, 3b; Devlin, ss; Maloney, rf; Catson, cf; Murphy, 1f.

### RAIN PREVENTS TRIALS.

New York, Oct. 1.—A steady drizzle throughout the day prevented any of the drivers entered in the 350 mile automobile race for the Astor cup, to be run at the New Sheepshead Bay Speedway tomorrow, from making eliminator or practice trials over the course today.

### ANOTHER WHITE PLAGUE MEET.

Columbia, S. C., Oct. 1.—The annual meeting of the southern section of the National Association for the Study and Prevention of tuberculosis opened here today. All of the southern states are represented, besides the medical societies and civic organizations.

A ball driven into a tree trunk will always remain the same distance from the center of the tree and from the ground.

## SHIPMASTER WINS FEATURE IN GREAT WESTERN RACES AT PEORIA

Exall Has No Trouble in Taking the 2:09 Trot in Straight Heats.

Peoria, Ill., Oct. 1.—The Great Western races at the National Implement and Vehicle show closed here today. Shipmaster in the 2:12 pace got away badly in the first heat but led in the next three. The driver of Tennessee Dick was placed eighth in the second heat by the judges for foul. Exall in the 2:09 trot, had no trouble in taking the first three heats although closely pushed by Axlien.

Summaries. 2:12 pace. 3 in 5, \$600. Shipmaster, first; Bud Onward, second; Lottie Hal, third; Tennessee Dick, fourth. Best time, 2:07 1-4. 2:09 trot. \$500. Exall, first; Axlien, second; Captain Canada, third; The Comet, fourth. Best time, 2:08 1-4. Free-for-all pace, \$500. Elmer Dickson, first; Prince Oliver, second; Little Smoke, third; Society Leader, fourth. Best time, 2:07 1-2.

## MORNING GLANCES.

Philadelphia made fourteen hits off of Nehf's delivery yesterday and beat the Boston Braves 9 to 2. Mayer held the Braves without a hit for six innings. In the seventh and eighth innings they made five hits which netted two runs. Stock third base for Philadelphia led at the bat for the champions, getting four hits, one a double.

Big Ed. Walsh did another comeback stunt yesterday and blanked St. Louis the final score being 8 to 0. Walsh was in fine form and only allowed two hits up to the eighth inning. Then St. Louis got several more but could not bunt them. It made Walsh's third straight win of the season and it looks like the big moose was going to be all right next season. If he is the Sox will be heard from.

St. Louis defeated Pittsburgh yesterday by a score of 6 to 3. St. Louis after being behind all the way started a batting rally at the expense of Hill in the eighth and scored all of their runs.

## WILL ARBITRATE STRIKE.

Albany, N. Y., Oct. 1.—A board of arbitration will today take up for settlement the dispute between the workers and the owners of the United Traction company lines, which brought about a five-day strike last month. The disputed point is whether the agreement between the company and its employees permits the discipline of motormen and conductors by either the general superintendent or division superintendents. The strike was called off on Sept. 10, when the agreement was reached to submit the disputed point to arbitration.

## WESTERN COLLEGE TEAMS OPEN SEASON TODAY

EIGHT OF THE "BIG NINE" TEAMS IN ACTION.

Chicago Will be the Idle Member—Northwestern Has Its Annual Engagement with Lake Forest—Illinois Meets Haskell at Urbana.

Chicago, Oct. 1.—Western football teams will open their season tomorrow with eight of the "Big Nine" teams in action. Chicago, which will line up against Northwestern a week later, will be the idle member tomorrow while Northwestern has its annual engagement with Lake Forest. Michigan gets into action next Wednesday against Lawrence. Games of particular interest tomorrow include Indiana vs DePaul at Bloomington, Ind.; Notre Dame vs Alma at Notre Dame; Purdue vs Wabash College at LaFayette, Ind.; Minnesota vs North Dakota at Minneapolis; Iowa vs Cornell College at Iowa City; Wisconsin vs Lawrence at Madison; and Illinois vs Haskell at Urbana, Ill.

Lake Forest is weaker than it has been in three years, but Northwestern nevertheless expects a struggle. At Illinois, Coach Zuppke has been endeavoring to eliminate the cocksureness based on a line-up said to be as good as the championship eleven last year by promising that the Indians will put up a real fight. North Dakota is expected to give Minnesota a good game as the visitors have worked hard for the contest and the Minnesotans are not noted for early season form. Coach Juneau at Madison is expected to give as many of the Badgers as possible a tryout against Lawrence.

Princeton to Meet Rutgers. New York, Oct. 1.—Eastern football will begin to edge its way toward the center of sports' popularity with the playing of the first of the October games tomorrow. Chief attention will center in the meeting of the Princeton and Rutgers teams, although the Yale-Virginia game and the season's debut of the army and navy elevens also are features of the schedule.

The two United States service academy teams will open their 1915 season with contests on home grounds. The army will have Holycross as competitors at West Point and the navy plays Georgetown at Annapolis. Holy Cross did not show any particular strength in defeating Bates last Saturday but Georgetown put up a hard battle against Princeton and the 13 to 0 defeat would have been even further minimized but for disastrous fumbling which gave the Tigers one of the two touchdowns which won for Princeton.

The Massachusetts Aggies, which forced Dartmouth hard last week will be Harvard's opponent at Cambridge and should give the Crimson strong opposition for an early season game of this type.

Cornell and Pennsylvania will meet Oberlin and Franklin and Marshall respectively.

## Nebraska U and Drake to Clash.

Kansas City, Oct. 1.—The football season of 1915 will be ushered in tomorrow on Southwestern Gridirons. The big games in the Missouri Valley are those between the University of Nebraska and Drake at Lincoln, the University of Kansas and William Jewell at Lawrence and the University of Missouri and the Oklahoma Aggies at Columbia.

## QUICK SCRAPING FOR BIG BATTLESHIPS.

Brooklyn, N. Y., Sept. 30.—Five big battleships, the Wyoming, Texas, Arkansas, Utah and Florida, will all be scraped and cleaned in the same dry-dock in two weeks. This feat, if it is accomplished, will make a new record for the Navy. The Navy Department has ordered the officers of the local yard to prepare for the unique test, and all is ready for the first of the vessels to go into the dry-dock tomorrow morning. The Wyoming is expected to be the first in the "barber's chair" to get rid of her shaggy growths of water parasites.

## CANADIAN PACIFIC DIVORCES OCEAN LINES.

Montreal, P. Q., Sept. 30.—Tomorrow will mark the separation of the Canadian Pacific Railroad Co's rail and ocean interests. The newly organized Canadian Pacific Steamships Limited will take over all the lines now operated by the railroad and the Allan Line. G. M. Bosworth, who is vice-president of the Canadian Pacific is the president of the new line. The Allan line passed into the control of the Canadian Pacific last month. The Canadian Pacific has been operating fleets in both oceans.

## KANSAS GAS GOES UP.

Independence, Kas., Sept. 30.—The price of natural gas will go up to 30 cents per thousand feet in Topeka, Lawrence, Leavenworth, Atchison, Kansas City and Kansas City, Mo., and several smaller cities along the lines of the Kansas Natural Gas company. The company is now in the hands of receivers, and the receivers have been ordered to take steps to insure a steady supply. A new compressor station is being built in Oklahoma to pick up low-pressure gas at new points of supply.

## BIG TEXAS SHIPMENTS.

Galveston, Tex., Sept. 30.—Huge shipments to Europe are testing the capacity of this port. A thousand horses, 20,000 cattle, 50,000 tons of hay are a few of the items that are going to France. It will require thirty vessels to carry the four millions of bushels of wheat ready for Mediterranean ports.

## PHILADELPHIA FINDS NEHF'S DELIVERY EASY

BRAVES GO HITLESS FOR SIX INNINGS.

Phillies Secure Fourteen Hits for a Total of Nine Runs—Braves Get Five Hits Off Mayer in Seventh and Eighth.

Boston, Oct. 1.—Philadelphia found Nehf's delivery easy of solution today and won from Boston 9 to 2. The Braves went hitless for six innings but in the seventh and eighth obtained five hits off Mayer for two runs.

## NATIONAL SHOOTING TOURNAMENT IN FLORIDA.

Jacksonville, Fla., Oct. 1.—The Florida state rifle range looks like a city of canvas, for the tents of the troopers from many states have been set up to shelter the crack riflemen who are to compete in the national shooting tournament. The big contest opens tomorrow and will last for three weeks. Over 2,000 of the best riflemen of the country, selected from the army and from the national guard, will compete. That rifle shooting is not a lost art in America will be very practically demonstrated, and the skill shown by these riflemen will show the world that if we haven't a large standing army we have a large class of citizens capable of straight shooting.

Cuba and Canada will also send delegations of their best riflemen to the big tournament. One of the big disappointments is the absence of the United States navy teams, which have always given a good account of themselves.

Nearly all of the states are represented by crack shots from their national guard. It is conceded that the army infantry and cavalry teams have a big advantage on account of their long training. The marines make up the third service squad that is expected to make a big showing. Practically a new feature of the 1915 matches is the number of civilian shooters. In past years they have not figured to any great extent, but with the organization of civilian rifle clubs that are developing crack shots by the thousands, it is expected the civilians will make a good showing. The next addition to be expected in the list of competitors are the college rifle teams.

## FOUNDERS DAY AT PHILLIPS ANDOVER.

Andover, Mass., Oct. 1.—Governor Walsh, of Massachusetts, and President Harry I. Garfield, of Williams college, will be the speakers at Founders Day exercises, to be held tomorrow at Phillips Andover academy. The new school union will be dedicated, a building devoted to social uses.

Thirteen families' own one fifteenth of the assessed land in the borough of Manhattan, New York City. There are 500,000 families in the borough.

## WORLD'S MARKET NEWS

**BEARISH ESTIMATES OF DOMESTIC YIELD OF WHEAT DEPRESS PRICES**

Market Closes Easy, a Shade to 3c Net Lower—Corn Values go Down Grade.

Chicago, Oct. 1.—Estimates that the wheat crop of the United States this season would amount to nearly a billion bushels had a bearish effect today on prices. In consequence the market closed easy a shade to 3/4c net lower, with December at 95 1/4c and May at 36 1/2c. Corn lost 1/2c to 3c. Oats lost 1/4c to 3/8c to 1/2c.

In provisions the outcome varied from 1/2c decline to a rise of 3/8c. Announcement that a leading exporter figured the domestic yield of wheat for 1915 as reaching the record breaking total of 938,000,000 bushels brought about an immediate downturn in the market although previous quotations had showed decided strength. The early advance had been due mainly to Liverpool dispatches telling of scarcity of supplies and of an excited demand from British millers. After the setback which followed the issuance of the bearish crop estimate here, the market rallied because of large export clearance and as a result of the glowiness with which domestic stocks accumulated. Free selling by leading firms, however, quickly occasioned a fresh decline from which there was no important recovery.

Bears in wheat contended that advances in price at Liverpool failed to counter-balance the current increases of freight rates on the great lakes and on the Atlantic. Moreover, Winnipeg dealers were said to be negotiating to send liberal amounts of Canadian wheat to Minneapolis. Corn values went down grades owing to excellent weather and to bearish

**Baby of Future is Considered**

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages must prefer them. And since this is true to know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. Science says that an infant derives its sense and builds its character from cutaneous impressions. And a tranquil mother certainly will transmit a more healthful influence than if she is extremely nervous from undue pain. This is what a host of women believe who used "Mother's Friend" during their period of expectancy.

These points are more thoroughly explained in a little book mailed free. "Mother's Friend" is sold in all drug stores and highly recommended for its timely usefulness. Its serene and the real help it affords. Ask for it at the store and write us for the book. Bradfield Regulator Co., 511 Lamar Bldg., Atlanta, Ga.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

**YOU'RE BILLIOUS! LET "CASCARETS" LIVE! LIVER AND BOWELS**

Don't Stay Headachy, Constipated, Sick, With Breath Bad and Stomach Sour.

Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.—Adv.

**BREAKS COLD IN FEW HOURS-TRY IT**

First Dose of Pape's Cold Compound Relieves All Grippe Misery.

Don't stay stuffed-up!

Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief-known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

**MANUFACTURERS AND JOBBERS EXCURSION.**

Wednesday, Oct. 6, the Bloomington Manufacturers and Jobbers association will run its annual excursion. The party will be accompanied by the Bloomington band and will arrive in Jacksonville at 12:45 p. m. and remain here one hour.

This excursion is an annual event of the association and is made for the purpose of giving wholesalers, manufacturers and salesmen an opportunity to meet their customers face to face and get better acquainted. No trade is solicited but it is merely an effort to bring about closer relationship between the retailer and wholesaler.

**HARRY STOUT HERE.**

Harry M. Stout of Joplin, Mo., is in the city for a brief visit. Mr. Stout is the son of J. V. Stout for many years in the book business here. He has been a resident of Joplin for several years and has become prominently identified with the business and civic life of that city. He was a member of the city council for a number of years. Mr. Stout is enthusiastic about Joplin's future and thinks it is destined to be one of the big cities of the middle west. It is a great zinc mining center and the recent advance in price of zinc has caused prosperous times in the community.

Thirty pupils all present at roll call for the month is a record worth having and the young people are to be congratulated on their promptness.

Ray Hartman, who is recovering from a long siege of typhoid fever, is now in nearly normal health and expects to be able to resume his duties as a traveling salesman at an early date.

**LONG DISPUTE OVER TIRE PATENT**

Hartford, Conn., Oct. 1.—Attorneys for the Metallic Tire Co. of Ohio have been allowed until Oct. 13 to file exceptions to the decision of a master awarding only nominal damages in a patent suit which the Ohio concern brought against the Hartford Rubber Works Co. The case has been in the federal courts for over seven years, and it involves the use of wire interwoven into the tread of tires and the patent covering this feature. The complaint was brought March 5, 1908, in the United States court. It came to trial before the late Judge James P. Platt, who held that the Hartford tire did infringe. On appeal the decision was reversed, and the United States court of appeals held that the patent was infringed. Charles E. Pickett as special master has filed a report granting only nominal damages, which are to be fixed by the court. The Ohio tire concern claimed to be entitled to \$206,317.60.

**TROUBLE AT LIGHT PLANT.**

What promised to be serious trouble occurred at the Jacksonville Railway and Light company's plant Friday morning. Workmen were placing a header for the new engine. The old header was removed and a large quantity of water poured down it. The switch board. All the fuses were burned out and it was thought that serious damage was done to the switch board and machinery. A hurry call was sent out by blowing the whistle and soon Supt. Miser and all the employees were on the ground. The fuses were replaced and the machinery started up and everything was all right. It was fortunate that the switch board was not ruined which would have put out a large number of factories and business houses for several hours.

**FOREIGN CORRESPONDENCE**  
(By The Associated Press.)

London, September —(Correspondence of the Associated Press).—The award of five additional Victoria Crosses is announced in the London Gazette. Four of them were won by "most conspicuous bravery" in connection with bomb-throwing exploits which now constitute such an important feature of trench warfare. It was during operation southwest of Krithia on the Gallipoli Peninsula that Captain Robert O'Sullivan, First Battalion, Royal Inniskilling Fusiliers, won the highest award for valor. This is what he did, as narrated in the official report:

"On the night of 1st-2nd July, 1915, when it was essential that a portion of a trench which had been lost should be regained, Captain O'Sullivan, although not belonging to the troops at this point, volunteered to lead a party of bomb throwers to effect the recapture."

"He advanced in the open under a heavy fire, and in order to throw his bombs with greater effect, got up on the parapet where he was completely exposed to the fire of the enemy occupying the trench. He was finally wounded, but not before his inspiring example had led on his party to make further efforts, which resulted in the recapture of the trench."

"On the night of 18th-19th June, 1915, Captain O'Sullivan saved a critical situation in the same locality by his great personal gallantry and good leadership."

On the day following this announcement came another, more sinister, in the official casualty list, giving Captain O'Sullivan in the list of "missing."

Sergeant James Sommers of the same battalion won the Victoria Cross at the same time. "When, owing to hostile bombing, some of our troops had retired from a position," says the report in the London Gazette, "Sergeant Sommers climbed over into the Turkish trenches and bombed the Turks with good effect."

"Later on he advanced into the open under very heavy fire and held back the enemy by throwing bombs into their flank until a barricade had been established. During this period he frequently ran to and from our trenches to obtain fresh supplies of bombs."

What Second Lieutenant Herbert James of the Worcestershire Regiment, did to win the cross in the Gallipoli operations, is thus described: "On 28th of June, 1915, when a portion of the regiment has been checked owing to all the officers being put out of action, Second Lieutenant James, who belonged to a neighboring unit, entirely on his own initiative, gathered together a body of men and led them forward under heavy shell and rifle fire. He then returned, organized a second party and again advanced. His gallant example put fresh life into the attack."

"On the 3rd July, in the same locality, he headed a party of bomb throwers up a Turkish communication trench, and after nearly all his bomb throwers had been killed or wounded, he remained alone at the head of the trench and kept back the enemy single handed till a barrier had been built behind him and the trench secured. He was throughout exposed to a murderous fire."

It was between Cambrin and Le Basse, in France, on August 3rd, of this year that Second Lieutenant George A. B. Rochefort of the Scots

Guards, displayed "most conspicuous gallantry" and won the V. C.

"At 2 a. m. a German trench mortar bomb landed on the side of the parapet of the communicating trench in which he stood close to a small working party of his battalion. He might easily have stepped back a few yards round the corner into perfect safety, but, shouting to his men to look out, he rushed at the bomb, seized it, and hurled it over the parapet, where it at once exploded.

"There is no doubt," adds the official report, "that this splendid combination of presence of mind and courage saved the lives of many of the working party."

The wish is expressed in the London papers that some enterprising film producer turn out a series of moving pictures depicting various exploits by which the V. C. has been won.

London, September —(Correspondence of the Associated Press).—The official order given by the French government prohibiting exportation of wine to foreign countries has been withdrawn, as far as it concerns England and the United States. This action is due to the fact that the purpose of the order was to conserve for French use the ordinary beverage wines so generally consumed in France, and not the better class of wines shipped to England and America.

The order was partly due to the failure of this year's vintage in Southern France, but chiefly to the abnormal consumption of light wines by the French troops and people engaged in the war.

Natural fines are, next to bread, regarded as the great necessity by the French people. In France the average yearly consumption is 100 quarts per head. The consumption of champagne in England has decreased fifty per cent since the war, and the amount of claret sold has dropped about 20 per cent.

In recent years the consumption of wine has continually declined in England. The first serious check took place in 1899, when the duty was raised 25 per cent. England is no longer the principal foreign customer of the French wine growers, this place having been occupied by Germany up to the time of the war.

Paris, September —Eugene Blot, president of the French Commercial Travellers' Association, says the condition of members of the association, at times almost desperate since the war began, is rapidly improving, which means, he adds, that business in general is on the up grade. A curious fact of this revival of trade is that the biggest orders come from the regions immediately behind the front. Half of the 50,000 members of the Commercial Travellers' Association were mobilized; of the remaining half a great many are still out of employment on account of temporary or permanent discontinuance of business by their employers, and it is now proposed to send them abroad to develop foreign trade. This is somewhat new for French commercial travellers, who in the past have been rarely seen in foreign markets. The object in sending them out now is to let them get acquainted with the ways of merchants in other countries and show what France is, or will be able to supply.

### HOME COMING AT CONGREGATIONAL CHURCH FRIDAY NIGHT

Large Attendance of the Members—Charades Based on New Books Feature of Program.

The home coming at the Congregational church last evening was an unusually delightful event calling together a large gathering that completely filled the lecture room affording opportunity for better acquaintance and getting together as is so suitable for people belonging to or attending the same church. The Rhoads memorial library is understood by probably every one at all interested. A fund was left by Miss Alice Rhoads in memory of her parents and the income each year is devoted to the purchase of books and the result is one of the best libraries, outside of the public library, in the city and each year sees it augmented with choice publications.

The committee in charge have recently received all or a part of this year's purchases and last evening they were on exhibition and the event was used as a home-coming time when all would be invited to examine the new volumes. They are well selected and will be read with interest. A welcome and honored guest of the occasion was Rev. A. B. Morey, D. D., who entered fully into the spirit of the evening and enjoyed it with the rest. There was a short formal program as follows:

Solo by Miss Schibel.

Piano solo by Mrs. Ralph Hutchinson.

Charades illustrated the names of some of the new books. This was a clever piece of work and as each charade was presented the audience was asked to guess the meaning and many were guessed. The name of the book comes first and the charade follows.

Pupil and Teacher—A teacher instructing a boy.

What Men Live On—A loaf of bread.

John Burroughs—A boy named John burrowing in some sand.

Confederate Portraits—Several pictures of rebel officers.

Iceland—A piece of ice on a sod.

Johnny Appleseed—A boy named John showing appleseeds.

A far country—A piece of china.

Penrod—A large penholder.

The Turnout—A lot of boys making all sorts of noises with horns etc.

Fairy Queen—A little girl arrayed as a queen.

Blue Bonnet in Boston—A girl with a blue bonnet.

Alice's Adventures in Wonderland—A little girl chasing a stuffed rabbit.

Little Lame Prince—A boy hobbling on crutches.

Changing Russia—A map of Russia changed from one position to another.

Yourself and Your Neighbor—Each one shake hands with his next neighbor.

Nice refreshments followed and then a considerable time was most pleasantly spent in a social manner.

The committee of arrangements consisted of Mrs. Miller Weir, chairman; Mrs. Oscar Kuechler, Mrs. Ralph Hutchinson, Miss Georgia Fairbank and Miss Marian Fairbank. The committee on charades were Miss Marian Fairbank, Mrs. H. L. Caldwell and Mrs. Ralph Hutchinson.

NEW TUB SILK WAISTS JUST RECEIVED AT HERMAN'S.

AT THE CHRISTIAN CHURCH.

The largest audience of the week greeted A. W. Conner last night to hear "Rex Van Wouche, the Worst Boy in Town." Mr. Conner told in straightforward manner the life story of a boy, his troubles and misunderstandings. Wallace Tuttle, of Chambersburg, singing evangelist, was present and gave a solo.

At 8:30 o'clock this forenoon the boys who have been attending the institute will report for the eight steps to the dungeon and the girls at 9 o'clock will take the eight degrees, with their attendant lessons to the Red Cross. Miss Mary Seeger will direct the girls and Mr. Conner, the boys. The boys and girls together with teachers and officers of the Sunday school, will enjoy a banquet at 5:30 o'clock in the church parlors. "The Heart of a Boy" will be Mr. Conner's lecture title tonight.

Mr. Conner will speak at the church Sunday afternoon and Monday will go to Chandlerville to conduct a similar institute.

NEW FUR TRIMMED SUITS JUST RECEIVED AT HERMAN'S.

REV. L. P. SHAW WILL PREACH AT ANTIOCH

Rev. L. P. Shaw, a former pastor of Antioch church, but who has been in China as a missionary for some time, will preach both Sunday morning and evening at the Antioch church. He arrived in this country about three weeks ago. The morning service is at 11 o'clock and the Sunday school hour will be at 10 o'clock. The many friends of Rev. Mr. Shaw will be glad to see him again, and no doubt a large number will avail themselves of the opportunity of hearing him preach.

NURSES ASSOCIATION WILL MEET HERE OCT. 5

A regular meeting of District 13 of the Illinois State Association of Graduate Nurses will be held at the Public Library Tuesday afternoon, October 5. Dr. A. H. Dollear will be the principal speaker.

### MORE THAN TWO THOUSAND PATIENTS AT STATE HOSPITAL HERE

Few Suicides During Period of Years—Increase in Number of Attendants Employed—Record of Per Capita Costs.

Additions to the number of inmates at Jacksonville State hospital have been received from time to time during recent months, so that the population of inmates at the present time is 2,070. Dr. Hill, superintendent of the hospital said yesterday that 100 more are soon to be transferred from another institution here and that the hospital then will be peopled to its capacity. The institution is now in the major group of Illinois hospitals for the insane because of the large number of inmates.

According to the records at the institution there were 927 males and 830 females who were inmates at the hospital March 1, 1915. At that time the total number of attendants employed was 170. Subsequently additional patients were received and the number of patients now being cared for is 2,070, of whom 1,082 are males and 988 females. The increase in patients shown since March 1st is 313, and the increase in the number of attendants is 43.

An article published in the Springfield News-Record and commented upon in the Journal yesterday criticized the legislature for so cutting down appropriations that the number of attendants needed in insane hospitals could not be had. The record above quoted compared with previous records indicates that at the present time in figured proportions each attendant has a smaller percent of patients to watch over than before. As a matter of figures the statistics show two tenths of an inmate less per employee for the three months ending June 30, 1915, over the same period in 1914.

The newspaper correspondent already mentioned based the criticism on the fact that a man at the hospital recently committed suicide, presumably because he was not at the time under the eye of an attendant. The records at the hospital for a period of about nine years past show a remarkably small number of suicides when one considers the large total of those of unsound mind cared for at the hospital. From the period of July 1, 1906 to June 30, 1907, one woman committed suicide by hanging. During the years 1908 and 1910, two men committed suicide one by hanging and one by drowning. In 1910 and 1912 one man committed suicide by hanging and in 1913 and 1914 one man committed suicide by taking carbolic acid. In January of the present year a woman killed herself by hanging, and on Sept. 22 a man committed suicide by hanging, as already commented on by the correspondent.

The hospital authorities have recently compiled figures to indicate not only that the number of employees has been increased more than proportionately with the number of inmates received, but further that the per capita cost of maintaining the patients has been reduced. The figures indicate that for the quarter ending June 30 that the per capita cost was reduced \$4.67. It is maintained that this reduction has not been the result of curtailing the rations of the inmates or in securing poorer qualities. The hospital management claims the credit of practicing economies along different lines which have resulted in this total. One of these items for example is in the use of meat bones which were formerly sold. The practice now is to boil out the grease in the bones for soap and then grind the bones into fertilizer. This plan has brought a return of about \$200 a month.

The comparative cost for the maintenance of patients during periods already mentioned appear from the records as follows:

Quarter ending March 31, 1914:  
Gross per capita ..... \$43.26  
Net per capita ..... 35.58  
Average number of inmates 1727.46  
Average number of employees 259.23  
Quarter ending March 31, 1915:  
Gross per capita ..... \$42.28  
Net per capita ..... 33.66  
Average no. of inmates ..... 1763.21  
Average no. of employees ..... 285.91  
Quarter ending June 30, 1914:  
Gross per capita ..... \$43.35  
Net per capita ..... 34.58  
Average no. of inmates ..... 1733.28  
Average no. of employees ..... 257.27  
Quarter ending June 30, 1915:  
Gross per capita ..... \$37.62  
Net per capita ..... 29.71  
Average number of inmates 1880.59  
Average number of employees 285.41  
Average number of inmates per employee June 30, 1914, ... 6.7 plus.  
Average number of inmates per employee June 30, 1915 ... 6.5 plus.

### BAITING FOR GAME UNDER CASS COUNTY BAN

The baiting of vast numbers of ducks along the Illinois river for the education of sportsmen is to be broken up, according to a warning issued by State's Attorney A. T. Lucas, of Cass county, and the announcement strikes dismay into the midst of many of the big Chicago Gun clubs.

For months it has been a regular practice for certain parties delegated by the club managements to visit the feeding grounds of these ducks and scatter quantities of corn on the ground, thereby decoying vast numbers of delicious fat fowl into the range of the gunners.

### HEALTH ORDINANCE CONSIDERED BY SPECIAL COMMITTEE

Measure Drafted by State Board of Health Officer Will Be Chanced to Meet Local Conditions and Then Submitted to the City Council.

A committee appointed several months ago by Mayor H. J. Rodgers to draft a public health ordinance and submit it to the city council, held a meeting last night. The committee it will be remembered was named at a luncheon at the Peacock Inn. Subsequently this committee held a conference and appointed a sub-committee of five.

After some correspondence Dr. St. Clair Drake, secretary of the state board of health, agreed to furnish a model health ordinance. It required considerable time for the draft of this ordinance and it was recently forwarded to the sub-committee. Some changes were then made and last night the general committee met to hear the report of Dr. E. L. Crouch as chairman of the committee, read the ordinance section by section and as a number of the members of the committee were unable to be present, Chairman John J. Reeve decided that copies of the ordinance should be made and mailed to all committee members. After time has been given for the reading of the ordinance another meeting will be held and after any changes deemed advisable have been made the ordinance will be submitted to the city council.

Dr. Drake's ordinance is very complete and he expected that some modifications would be necessary in order to fit in with local conditions. In the form as drafted the ordinance would require the expenditure of a larger amount of money than will be at the disposal of local authorities.

The ordinance is divided into six articles. Health department, contagious diseases, sanitation, food-stuffs and drugs, nuisances, births and deaths. The various sections treated under the heads of contagious diseases will give an idea as to the comprehensiveness of the ordinance. These sections are under the following headings: reports of cases, placarding, quarantine, disinfection, removal of patient, exposing others to disease, sale of food stuffs from quarantined premises, deliveries to quarantined premises, vaccination, deaths and burials, undertakers.

It is the hope of the committee that when they have finished their discussion of the question that an ordinance may be submitted to the council which will be adequate in every way and yet not so unwieldy or expensive that its adoption will be impracticable.

### ATTENDING GRAIN HEARING.

A. C. Rice, president of the Illinois Farmers' Grain Dealers' association, left last night for Chicago to be present at a hearing before the Illinois State Utility commission in the insurance exchange. This session by the commission is in effect a re-hearing of the Illinois rate case, decided in favor of the grain dealers about a year ago. A proposed advance of rate on grain shipments of a cent per hundred pounds was proposed, but the new rate was not adopted. Mr. Rice thinks that some points at issue in regard to interstate shipments may be decided at a conference somewhat later in Memphis, Tennessee.

### TWO MORE LIQUOR CASES TRIED IN THE COUNTY COURT

Myrtle Allen Cleared by Jury's Verdict—Earl Hardy Found Guilty on One Count.

In the county court the jury which heard the evidence against Myrtle Allen charged with selling liquor in anti saloon territory returned a verdict of acquittal. John M. Butler, who appeared for the defendant, attacked the character of the state's witnesses and evidence against the defendant was not such as to impress the jury with her guilt.

Early in the afternoon the trial of Earl Hardy for selling liquor was begun and he was found guilty on one count. Hardy is a resident of Sheridan street and has not been in court before on this charge. His attorney was W. N. Hairgrove. The witnesses were W. Hart and wife and Mr. Hairgrove, attacked their testimony, quoting a court decision in the effort to show that the same evidence would not be given to the testimony of paid witnesses as would be true with other witnesses.

It seems that Hart and his wife were employed by the state to collect testimony in this case. The jury consisted of Hery Pellschmidt, Charles Schnake, J. R. Hastings, James Begnel, D. L. Barton, F. W. Sibert, H. L. Purcell, George Dietrick, Henry Martin, George Day, Sr. Chance Bushnell and Frank Hymes.

The jury in the Hardy case was only out about twenty minutes and returned a verdict finding the defendant guilty on one count. Attorney Hairgrove expects to ask for a new trial when court convenes this morning.

Other liquor cases on the county docket are to be continued.
